HARVARD MEDICAL SCHOOL TEACHING HOSPITAL

Faculty Position

Boston Children's Hospital Department of Psychiatry invites applications for a full-time, academic position. Appointment at Harvard Medical School as Instructor, Assistant or Associate Professor will be commensurate with experience and will require ongoing teaching. Interests should be in the area of early psychosis research. Candidates pursuing research with youth with psychotic disorders involving neuroimaging, genetic and/or pharmacological approaches should enhance the recently formed Early Psychosis Investigation Center.

Applicants must possess an MD and/or PhD and have at least two years' postdoctoral experience or the equivalent. The successful candidate will be poised to build a successful, independent, extramurally funded research program and have an existing track record of NIH funding.

Position remains open until filled, for first consideration should send CV, up to three key reprints, a synopsis of research interests and plans (past, present and future goals) and the names/addresses of three to five references by March 1, 2021, to: David Glahn, Search Committee Chair: david.glahn@childrens.harvard.edu

Boston Children's Hospital is an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.
